

NAAVA

flow

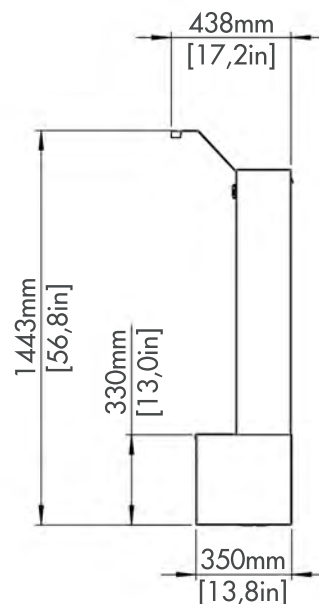

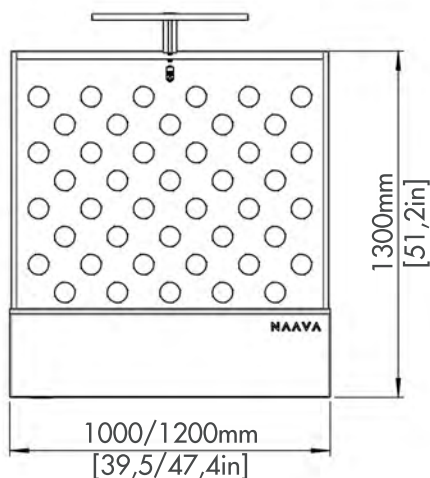

Naava is the number one element of healthy offices bringing the benefits of fresh air indoors.

Naava Flow is a free standing green wall. It's a space divider that provides privacy while leaving the view open.

Optimal room size is 40m² or smaller for Naava Flow's air purification power.

Available in white or black.

Only needs standard electric outlet, LED lights are integrated, no waterline connection required.

NAAVA

flow duo

Naava is the number one element of healthy offices bringing the benefit of fresh air indoors.

Naava Flow Duo is a double-sided free standing green wall. It's a space divider that provides privacy while leaving the view open.

Optimal room size is 40m² or smaller for Naava Flow Duo's air purification power.
