•Stool: black or white Cloudy Gray felt caps seat height - 65-80 cm

# POWER

Framery's products can plugged into a wall socket. The standard ISO 23351 - 1 has been pods have their own power sup- introduced to the industry to plies that give 24V DC to the measure the level of sound lights and 12V DC fans. Both are insulation of enclosed operated by a motion detector. spaces including acoustic pods. Inside the pods, there are UK It produces a single figure called power outlets for charging mobile devices.

#### **SUSTAINABILITY**

All wood materials that go into Framery pods come from FSC or PEFC sources. The felt is made from 60-70% recycled plastics – a large percentage from recycled plastic bottles. Framery Q consumes just under 12 W and after leaving the pod, consumption drops 75% to around 2,16 W.

#### CERTIFICATES

Framery Q pod is a perfect place for people to have meetings, brainstorming sessions and important one-on-one conversations in private without disturbing the whole office - or the office disturbing you.

# ACOUSTICS

be In January 2021, a new speech level reduction (DS,A) that describes the degree of speech privacy the product being tested provides.

Framery Q: 29 dB

# WELLBEING IMPACT

Open plan office design can help with team work. But, this environment is not always conductive to actually getting work done. On average, people lose as much as 86 minutes a day due to the lack of privacy. People need quiet places to go for focused work, confidential calls & more. Introduce privacy in the open plan office.
